Highly recommend this incredible team to anyone. I found them after I wasn't happy with the bar service chosen by my planners. And it was the best decision!

They made the most amazing cocktails and while I was unwell, made me warm cocktails to enjoy. From myself, my husband Niral and many of our guests, THANK YOU!

The Bartender Bros delivered an incredible bar experience at all our wedding events!

Ajay and Anil are friendly, patient and did not fall short of new and innovative ideas when we met with them. They both understood the value of an interactive Bar experience.

The cocktails were perfect and did not take long to freshly mix and so was the attention to detail. The shots in an AK47 gun has got to be my favourite part and really got the crowd going!

The team worked quickly and effectively and this
